

Claiborne County School District Received Donation of Hand Sanitizer

The Claiborne County Emergency Management Agency donated 24 cases (288 gallons) of hand sanitizer for students and staff. “During this worldwide pandemic, we appreciate the generosity of community agencies who partner with us to ensure the safety of our students and staff,” commented Dr. Nonya Thrasher, Interim Superintendent of Education.

The school district administrative staff would like to thank the Claiborne County Emergency Management team for their generosity and continued partnership to support the safety and well-being of our students and staff members.
